

MATCHMAKING WITH INVESTORS

Connecting businesses or entrepreneurs with potential investors.

WINDEUROPE 2023

At WindEurope 2023, a Startup Pavilion provided a dedicated space for 23 promising startups to present their game-changing ideas to the wind energy sector. The Pavilion culminated in a Startup Competition, where the two most innovative startups were awarded prizes during a networking reception. The pavilion aimed to attract fresh ideas to the sector while fostering connections between startups, investors, and industry leaders in the wind energy industry.

Partners: WindEurope, Orsted, PLUGandPLAY, Rockstart, and Copenhagen Legacy Lab.

COPENHAGEN GAMING WEEK 2024

Games Denmark (Industry association) used the gaming and esports festival to support the next generation of Danish game developers (startups and students). The game developers were presented with a free opportunity to test their games on the event visitors (B2C) and connect with potential investors and publishers (B2B). The activity aimed to strengthen the Danish games industry - an industry with an enormous growth potential.

Partners: Games Denmark, Blackbox Media, Bellagroup, Copenhagen Legacy Lab, and more.
